

RS/RS3 Series Horizontal Cable Managers

Effective immediately, Siemon is discontinuing the RS and RS3 Series Horizontal Cable Manager lines. These have been replaced by Siemon’s RouteIT™ Horizontal Cable Managers designed for improved performance – rounding all surfaces and increasing capacity to support high density switch blades, as well as Siemon 48-port 1U Z-MAX® patch panels.

To help facilitate the transition, replacement part numbers have been identified in the table below.
